

California OES Weather Threat Briefing

Thursday, November 21, 2019
9:00 AM PST

- **Day 1 (Thu):** Lingering precipitation impacts across Southern Region and elevated fire weather concerns in Inland Region as the storm exits today.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/21/19 - 11/27/19

Thursday

- Elevated fire weather concerns will linger for portions of northern CA today due to dry conditions and breezy winds, but the most critical fire weather concerns have ended this morning
- Lingering precipitation and mountain winter weather concerns across Southern CA today, but much of the heavy precipitation has ended

Friday-Sunday

- No significant weather or water impacts expected through the weekend, as drier and warmer weather settles over the area

Monday-Wednesday

- Increasing northeast winds across the state could bring elevated fire weather concerns Monday and Tuesday
- A large storm system may move into the state Tuesday into Wednesday, potentially bringing widespread precipitation and gusty winds
 - Details for this mid-week storm are still low confidence, but holiday travel may be impacted
